## B. INTERNATIONAL STUDENT FEE

The recruitment, admission and advising of international students represents a tremendous cost to the University of Nevada, Reno, and University of Nevada, Las Vegas. The logistical and administrative burdens of international students on the university are complex and expensive. Increased costs of international mailing, phone, facsimile, recruitment, specialized printing, translations and highly trained personnel forces the university to make difficult budgetary choices. These choices often leave international students short of receiving the proper levels of attention.

Because of the limited resources of the Admissions and International Student Office, the need for funding aimed directly at the international students is essential. These funds will be directly used to support programs pertaining to international students. Additionally, it is not proper to use funds dedicated to benefit university students as a whole, to support activities that benefit only international students.

International students will pay a semester International Student Fee. The revenue from this fee will be used to sustain enrollment functions in the Admissions, Graduate, and International Student offices, supporting only international students.

<u>Distribution of Revenue</u>	<u>Amount</u>

- CSN International Students purchase mandatory health coverage through a third-party entity designated by CSN. Proof of equivalent coverage will be accepted on a limited basis. No fees are paid to CSN.

---

<sup>1</sup> Mandatory Coverage definition: when coverage is indicated as mandatory, the student must purchase the coverage or provide proof of equivalent coverage.

- Amounts represent total charges and include insurance premium, ACA taxes and fees, broker commission and fees, and institution fees.
- Some NSHE Allied Health and Nursing programs require students provide evidence of coverage. The coverages indicated above may be used to satisfy this programmatic requirement.

## Section 12. Special Course Fees

It is the policy of the Board of Regents that the registration fee be the only fee assessed for taking a course except as outlined in this section. The reasons for these exceptions are extraordinary instruction costs due to: (a) individual instruction (e.g., private music lessons), (b) class supplies, course-specific software, and specialized equipment (e.g., welding equipment and materials), (c) third party charges for use of a facility (e.g., golf), (d) special transportation requirements, or (e) extraordinary instructional costs (e.g., intensive supervision, support or additional technical expertise required for the delivery of the course), (f) some combination of these reasons. Responsibility for implementing this policy is delegated to the presidents up to a maximum of \$50.00 per course. Courses requiring fees higher than \$50.00 require Board of Regents approval and are as follows (institutions may charge up to the amount approved):
