## *SCHOOL OF LIBERAL ARTS & SCIENCES*

### INTERDISCIPLINARY STUDIES, B.A./B.S.

At Nevada State University, we value pioneering thinkers, independence, and innovation. To support these values, we created the Interdisciplinary Studies program, which allows you to design your own individualized course of study and focus on your own particular interests. Instead of choosing a traditional major, Interdisciplinary Studies students select two concentrations, which combine to become the equivalent of a single major. This allows for over 105 possible degree combinations. Each of these combinations allow students to look at problems from multiple perspectives and develop innovative solutions. To help students explore the ways their two concentrations intersect, the College offers two independent courses, ISC 300 and 495. In these classes, instructors provide individual guidance and personalized attention that leads students through the completion of a capstone project.

PROGRAM INFORMATION

## DEGREE OUTCOMES

Interdisciplinary Studies is a dynamic and engaging program. Students will:

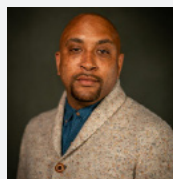

- Synthesize a personalized set of outcomes and independently work towards achieving them. Early in the program, the Interdisciplinary Studies student will work with the ISC faculty to develop these outcomes and create a plan for demonstrating them upon program completion;
- Critically and creatively research, write, and present in a way that makes logical and theoretical connections between multiple areas of study, especially in the student's selected disciplines. Students will be able to recognize the strengths and limitations of various disciplinary perspectives and integrate these perspectives to present unique solutions to complex problems;
- Demonstrate a mastery of their personalized outcomes. This outcome is illustrated by the completion of a final capstone project or a comparable series of smaller projects.

## CREDIT REQUIREMENTS

*Summary of credit requirements for the Bachelor of Arts or Bachelor of Science in Interdisciplinary Studies*

<b>College Core Curriculum</b>	31-45
<b>Interdisciplinary Studies Core Requirements</b>	6
<b>Concentrations</b>	48-50
<b>Electives</b> (at least 18 credits must be upper division)	19-35
<b>TOTAL CREDITS</b>	<b>120</b>

## FEATURED FACULTY

**Derric Carter, Ph.D.**

*Lecturer of Interdisciplinary Studies*

## CONCENTRATION SELECTION

Declaration for the selected concentrations requires an initial conversation with the Interdisciplinary Studies Program Director. Consideration for concentrations will be based upon academic objectives and a proposed plan for achieving them. Following program declaration, the student will work with their assigned Academic Advisor to create a customized plan for program completion.

## CAREERS IN INTERDISCIPLINARY STUDIES

According to the National Association of Colleges and Employers, the top six skills/qualities that employers look for in ideal candidate are:

- Communication skills (speaking and writing effectively)
- Strong work ethic
- Teamwork
- Ability to show initiative
- Interpersonal skills
- Problem solving

An interdisciplinary studies degree is ideal for developing these broad skill sets. As you progress, you will see that even disparate areas of study have similarities. You will begin to synthesize new ideas and make creative connections. To help you understand how to study across disciplines, you will take two Interdisciplinary Studies classes. The first will examine interdisciplinary studies as a concept and the final capstone course will allow you to create a unique project that demonstrates your understanding of your selected disciplines.

Furthermore, the Interdisciplinary Studies degree is well-suited for students interested in attending graduate school. Interdisciplinary Studies graduates are interesting, open-minded, and ready for new challenges. They often go on to graduate school or accept positions that require innovative thinking. With a broad foundation, you will be open to new learning methods and able to adapt quickly to the challenges graduate school has to offer. Furthermore, since the program is writing intensive, students will graduate with a solid rhetorical foundation that allows them to write well in multiple situations. The capstone project at the end of ISC 495 highlights this writing ability and gives students physical evidence of their abilities, which may be helpful in the graduate admissions process. Our ISC graduates have gone on to pursue advanced degrees in fields as diverse as game design, history, humanities, law, and library science.

## COLLEGE CORE CURRICULUM (31-44 CREDITS)

Unless otherwise noted, please refer to the Nevada State catalog for full list of Core requirements. Classes in the major requirements may be used to satisfy the Core requirements; consult an Academic Advisor for details. Note: A single course cannot fulfill more than one core requirement.

☐ **ENGLISH** **3-8 CREDITS**

Nevada State students can be placed into English courses by submitting ACT or SAT scores or by completing the Directed Self Placement survey to better guide their placement. Students who complete Composition II will satisfy the Core Curriculum Composition requirement. Typically, students take Composition I during their first semester at the college and Composition II during the second semester.

- ☐ English Composition I (ENG 100, 101, or 116) 3-5  
☐ English Composition II 3

☐ **STUDY AND TECHNOLOGY SKILLS** **0-3 CREDITS**

Transfer students with 30 or more transferrable college credits or Nevada State students who complete the Nepantla Summer Bridge Program with an average GPA of 3.0 or greater will be able to waive the Study and Technology Skills Core Requirement.

- ☐ College Success (CEP 123 or ALS 101N) 2-3

☐ **MATHEMATICS** **3-5 CREDITS**

Nevada State students can be placed into Math courses by submitting ACT or SAT scores or by completing the Math Directed Self-Placement survey to better guide their placement. Please see your degree outline and/or consult an Academic Advisor regarding your specific major requirements.

☐ **NATURAL SCIENCES** **7-8 CREDITS**

Students are required to take two science courses, at least one of which must include an associated laboratory component. Classes in the major may satisfy this requirement. Please see your degree outline and/or consult an Academic Advisor.

- ☐ Natural Science Core 3-4  
☐ Natural Science Core with Lab 4

☐ **SOCIAL SCIENCES** **3 CREDITS**

Classes in the major may satisfy this requirement. Please see your degree outline and/or consult an Academic Advisor.

☐ **FINE ARTS** **3 CREDITS**☐ **HUMANITIES** **6 CREDITS**

Classes in the major may satisfy this requirement. Please see your degree outline and/or consult an Academic Advisor.

- ☐ Humanities Core 3  
☐ Humanities Core 3

☐ **CONSTITUTION** **3-6 CREDITS**

Completion of US and NV Constitutions required. Complete either one US Constitution course and one NV Constitution course or complete one course that fulfills both US and NV Constitutions (CH 203 or PSC 101).

- ☐ Nevada Constitution 0-3  
☐ United States Constitution 0-3

☐ **CULTURAL DIVERSITY** **3 CREDITS**

Classes in the major may satisfy this requirement. Please see your degree outline and/or consult an Academic Advisor.

☐

For a full breakdown of requirements for the Interdisciplinary Studies major, please refer to accompanying "Major Degree Checklist"
