

# MARY GILES

## MAJOR

Mathematics &  
Secondary  
Education

TUTOR

“ I enjoy being the person students can go to and understanding them on a personal level and being able to help them understand and create a passion with the material. ”

## FUTURE GOALS

I want to attend graduate school, and do mathematical research, before pursuing a career in education. I also want to travel to every continent, have a family, and successfully bake a croissant!

## SUPPORTING

- Math
